

THE BROCHURE.

A group of bridesmaids in white dresses holding white parasols on a grassy field with trees in the background. The scene is bathed in warm, golden light, suggesting a late afternoon or early morning setting. The bridesmaids are arranged in a line, some holding their parasols high and others lower. The background features lush greenery and trees, with long shadows cast across the grass.

Personal Note -

My style is editorial storytelling, blending a classic film aesthetic with modern flash techniques for a signature look. Inspired by 1980s film photography, your images carry a timeless, cinematic quality—rich in texture, depth, and emotion.

I intentionally take on a small number of weddings each year. This is how I can pour extraordinary time, care and creative direction into every gallery. Your photographs will be your heirloom, timeless, artfully crafted and edited.

I'd be truly honoured to create them for you.

I've been in the industry for 20 years, starting with a degree in fashion from Manchester University before landing a rather unique role—as Mattel's real-life Barbie (yes, really!). Eventually, I found myself drawn to the other side of the camera, swapping modeling for photography, and I've never looked back.

With hundreds of weddings and shoots under my belt, I feel incredibly lucky to do what I love—capturing wedding days in all their magic.

My background in fashion still plays a huge role in my work, bringing an editorial eye to every wedding I shoot. The result - Timeless, iconic images that wouldn't look out of place in the pages of a fashion magazine.

Story telling is what I do best.

THE EXPERIENCE

Working in fashion has made me great at thinking on my feet, which works perfectly for my Weddings.

Whether it's shifting furniture behind the scenes to create the perfect backdrop, tracking down the right person to clear an area for your couple's shots, or even climbing into a rowing boat to get the perfect angle (all true stories!)—nothing is too much when it comes to bringing your wedding vision to life. I'm always thinking one step ahead, making sure every detail is just right so you can focus on soaking in the moment.

It's this personal touch that makes me feel so connected to my couples. I already know you, we have been speaking a lot before your Wedding, messages, voice-notes, zoom calls - I get YOU - and all that's left for me to do is capture your iconic day.

I've often been called an "extra bridesmaid" by my couples - I'm there to capture every precious moment, but I'm also there to help you breathe before walking down the aisle, fix your hair if a pin falls out, or track down your lipstick after the wedding breakfast.

Charlotte photographed our wedding 7 years ago now as well as my sisters and multiple friends I have recommended her to! She is amazing, has the best energy and is just a dream to have around you on such an important day. What a hype queen! She has really unique ideas and comes up with the best shots out of any situation! I've worked with so many photographers through my job in marketing and she is one of the best in the business. Love our wedding photos, definitely without a doubt recommend!

Charlotte photographed our wedding at Saltmarsh Hall in 2021 and she was incredible! I felt like I had a photographer and bridesmaid rolled into one. Our photos are beautiful and all our guests commented on how lovely Charlotte was. She is the photographer I recommend to anyone I know getting married 🥰

Of course!! Your work is absolutely gorgeous 🥰🥰 Love your editing style and how you capture all the pictures x

Charlotte was incredible throughout the entire day! Even during the run up to the wedding. We had catch up calls, ensuring we had everything covered. Charlotte took the brief and went above and beyond to make our day perfect. The photos were honestly out of this world. Half the photos she sent us back, I didn't see her take. She was an absolute superstar. She helped me get ready in the morning. A brides dream secret bridesmaid. We have taken a number of the photos she took and created canvases that just capture the day beautifully. I have no words. Just incredible!

V Thank you SO SO much for everything. You were amazing!

I certainly don't know where to begin. Having Charlotte as a part of our wedding was such a big deal for me. Charlotte will light up the room, making everyone laugh and smile. As a bride Charlotte taught me how to stand, where to look, she knew exactly what I should have been doing when I didn't. The ultimate professional whilst being your biggest fan, thank you Charlotte my photos are perfect thanks to you.

Oh my gosh, Charlotte these are stunning!

It's so funny I really didn't realize I got the getting ready pic but you're something else. The capture so much fun and I got to see the champagne toast but also love the sunset so by the way.

Thank you so much for sharing!

Best wishes,

A photograph of a wedding reception. In the center, a bride in a white dress and a groom in a dark suit are smiling and holding champagne glasses. They are surrounded by other guests who are also holding glasses, suggesting a toast. To the right, a videographer is partially visible, holding a professional camera with a large lens. The background features rustic wooden pillars and greenery. The overall atmosphere is festive and intimate.
